HYAPE

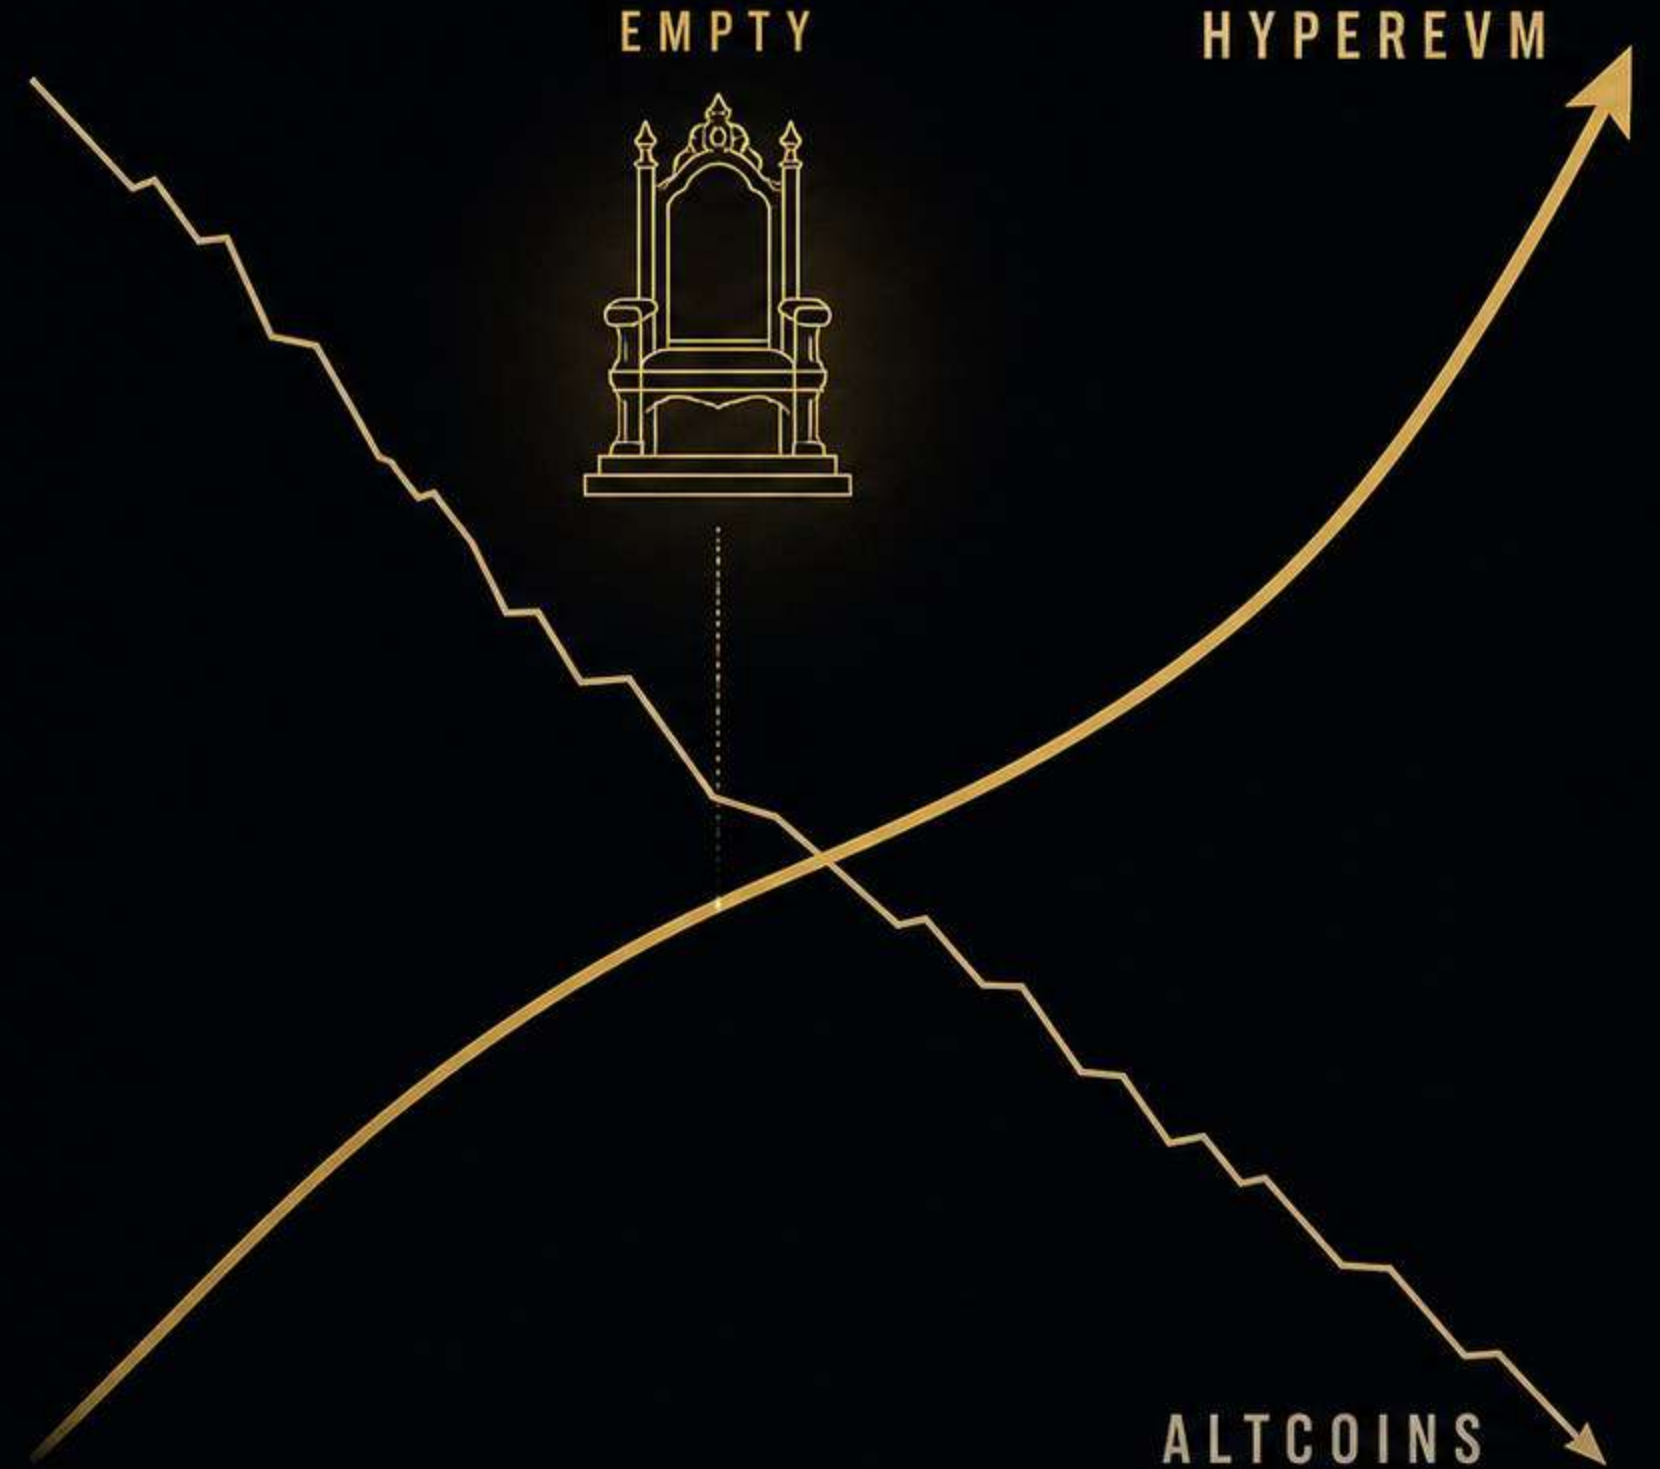

The meme coin inspired
by the legend of JEFF.

*Built alone. Designed to last.
Ready to become legend.*

THE LAST BLANK THRONE

- Altcoins are collapsing. HyperEVM keeps growing.
- No dominant meme coin exists on HyperEVM. Yet.
- Solana's top memes captured 1000x returns by arriving first on a chain the market believed in.
- HyperEVM is that chain today.
- The throne is empty. The window is open.

MOST MEME COINS ARE A JOKE WITH A TICKER ATTACHED.

PUMP & DUMP

Token launches. Insiders exit.
Community left holding bags.

NO STORY

No IP. No characters.
No reason to care after
the first week.

ONE REVENUE STREAM

Price goes up or project dies.
No infrastructure.
No survival plan.

This is the industry HYAPE was built to outlast.

NOT A COIN. A UNIVERSE.

**THE COIN IS LIVE.
THE UNIVERSE KEEPS GROWING.**

THE STORY IS THE PRODUCT.

Modern anime conquered the world through emotional architecture.
HYAPE uses the same blueprint.

01 / BONDS

DEMON SLAYER DNA

HYAPE & PURRA. BOLT & his father. ACE & his mentor.
Bonds that break you, then rebuild you.

02 / MORAL COMPLEXITY

JUJUTSU KAISEN DNA

The Old Vine were heroes once.
Corruption doesn't need villains — it only needs structure.

03 / IMPOSSIBLE CREW

ONE PIECE DNA

5 companions. 5 wounds. 5 reasons to keep going.
Every chapter on X is another step toward the horizon.

MEET THE SEVEN.

Seven souls. Seven wounds. One revolution rising from the treetops.

01

PURRA

PASTRY CHEF · SISTER

"I know what a lying tree sounds like."

Hears what trees are feeling. Her cookies melt tension. Quietly holds the whole team together.

02

BOLT

INVENTOR · MECHANIC

"I'm going to prove my father's calculations were right."

Carries a dead man's blueprints. Creates what doesn't exist yet.

03

WARD

FORMER GUARD · GUARDIAN

"Transparent. Fast. Strong."

Ex-central guard turned mercenary. Building the org he wishes had existed.

04

MEND

DOCTOR · DIAGNOSTICIAN

"I fix the body. You fix the mind."

Treats the city's collapses. Quiet burning anger under the calm.

05

ACE

MAGICIAN · PERFORMER

"I've been looking for teammates like this my whole life."

Still smiling — because a tired old magician told him to.

06

LORE

ARCHAEOLOGIST · RECORDER

"The ground is the answer."

A walking encyclopedia. Notices the lies in the city's rewritten history.

PROTAGONIST

HYAPE

EXPLORER · LEADER

"If I ever rot, build a system that can stop me."

Reads decay in wood. Left to fix what the center ignores.

THREE SKILLS. ONE OBSESSION. ZERO COMPROMISE.

MANGA INTELLIGENCE

Grew up inside One Piece, Demon Slayer, Jujutsu Kaisen. Didn't study them. Lived them.

WEB DESIGN CRAFT

Professional web designer. Makes complex ideas feel immediate and beautiful.

HYPERLIQUID KNOWLEDGE

Missed the airdrop. Started buying at \$10 HYPE anyway. Has touched nearly every corner of HyperEVM ecosystem.

*Solo founder. English-first project.
Because the story belongs to the world.*

BUILT LIKE JEFF. TRUSTED LIKE JEFF.

JEFF'S PRINCIPLES

“*No investors.
No paid market makers.
No commissions.
No insiders.*”

— JEFF YAN, JANUARY 28, 2024

HYAPE'S STRUCTURE

- ✓ No pre-sale allocations
- ✓ No insider distribution
- ✓ No VC with veto rights
- ✓ No co-developer whose exit ends the project
- ✓ Fair launch — equal opportunity for all participants

From one person to many — the Hyperliquid model, applied to a creative universe.

FOUR COLLECTIONS. ONE UNIVERSE.

HYAPE ORIGINS

COLLECTION 01

LIVE

HYAPE ORIGINS

Nine souls. Nine destinies.

The definitive collection of the nine characters who set the story in motion - seven rebels unchained from the old world, and two who stood on opposite sides of history. Each piece is a hand-crafted 1-of-1 original illustration, existing once and only once on HyperEVM forever.

HYAPE PAPER SOULS

COLLECTION 02

LIVE

HYAPE PAPER SOULS

What if the nine were made of paper and warmth?

Reimagines the original nine characters through the lens of handcrafted papercraft art - soft edges, warm textures, and the gentle soul of a storybook come to life. Same nine souls. A different kind of magic.

HYAPE GENESIS PASS

COLLECTION 03

LIVE - CLOSED

HYAPE GENESIS PASS

Before the world knew the name HYAPE, nine people believed.

A closed collection of 9 pieces - 2 held by the founder, 7 gifted to the builders who shaped this project from the shadows. Each NFT mirrors the original nine, surrounded by an aura that marks the earliest believers.

COLLECTION 04

LIVE

HYAPE ROLES

One monkey. A thousand faces.

HYAPE ROLES is a generative NFT collection combining four rare HYAPE variants - Original, Gold, Holographic, and Ghost - with dozens of costumes spanning countless roles. Every combination is unique, and every piece is minted once and only once on HyperEVM forever.
